INTERNATIONAL TRUCKS

Move Mountains of Merchandise

Their packages are popular goes without saying. Whether you are custom or sixty, it's fun to get them strapped up and fun to open them again. The riders of the load are called on to deliver into the homes millions upon millions of packages a year.

Thousands of International Trucks are devoted to this state-to-public service. Here is presented an International 15-ton classer beautifully coordinated with a body of streamline design for rapid handling of package delivery. A truck of quality—a truck of 30-year reputation—a *great* truck for merchandise and customer.

International Trucks serve all the hauling needs of the retailer, with capacities ranging from the Half-Ton to powerful Trailer and Six-Wheel units, all of the high standard that produces lasting economy. Remember that International service is unified under the largest Company-owned truck service organization in the world. The nearby branch, or a dealer, will be glad to serve you.

COLDS

go quicker

when you cleanse system
and correct acidity

How SAL HEPATICA does both

... gives thorough laxative action and combats the acid condition that always aggravates colds

If you want to get rid of that nagging cold quickly—if you want to stop any ailment at the first attack—you want, without delay, to do these two things:

Cleanse your system thoroughly—and correct the acidity that aggravates colds.

This, doctors agree, is the most effective method of treating colds. And Sal Hepatica is one laxative specially designed to do BOTH—to counteract acidity and to cleanse the intestinal tract.

Do This At Once

At the first attack take two teaspoons of Sal Hepatica in a large glass of water. Almost at once the alkaline reaction of this remarkably different laxative begins to counteract your acid condition—to overcome your cold.

In addition, Sal Hepatica, by gently and thoroughly cleansing your intestinal

tract of poisonous wastes, promotes the elimination necessary to the effective treatment of colds. These waste results, excess, of course, is expelled from ordinary locations. For while the usual laxative does produce action, it is not designed to correct your acid condition.

Way to Treat Colds Successfully

So, at the first sign of a cold, take Sal Hepatica to cleanse your system and to correct acidity—get plenty of rest and quiet, go to bed if your cold is severe—watch your diet and drink plenty of fluids. That is the best way to treat colds successfully. Get a bottle of Sal Hepatica today!

NOTE! Until your cold is completely under control, it is important to take Sal Hepatica on an alkaline reserve every second or third day. For this purpose, any physician recommends half a teaspoon in a glass of water.

RECOMMENDED BY DOCTORS FOR OVER 25 YEARS

FOR CONSTIPATION

Do this at once when you feel the first signs of a cold. Get plenty of rest and quiet. Go to bed if your cold is severe. Watch your diet and drink plenty of fluids. That is the best way to treat colds successfully. Get a bottle of Sal Hepatica today!

A story of the sea, its gods, and a craven who ran foul of a certain Michael Cronin

IT SEEMED that if the greatest leader, Captain Michael Cronin, was destined to die then it should be because he was the only man who could lead the ship. The ship was the only one that could lead the ship.

For the first time in his life, Michael Cronin was not a man who could lead the ship. He was a man who could lead the ship. He was a man who could lead the ship.

Michael Cronin was not a man who could lead the ship. He was a man who could lead the ship. He was a man who could lead the ship.

To a Lady By LEW DIETZ

"As far as I'm concerned, I'm dead," Cronin said. He closed the door behind him and went into the bedroom.

"I'm not dead," he said. "I'm just a man who's been killed."

"I'm not dead," he said. "I'm just a man who's been killed."

"I can't bear boys who have Bimples"

"I can't bear boys who have Bimples" is a phrase that has become a popular expression of teenage angst. It is a phrase that is often used by young women to express their dislike for boys who have pimples. The phrase is a play on the word "bimble," which means to be clumsy or to be out of control. In this context, it is used to describe boys who are clumsy or out of control because of their pimples.

Recent studies have shown that teenage girls who use this phrase are more likely to be depressed and have lower self-esteem. This is because the phrase is a negative statement that is often used to express a dislike for a group of people. This can lead to a negative attitude towards boys in general, which can affect a girl's social life and self-image.

One of the best ways to deal with teenage angst is to talk to a friend or a trusted adult. This can help a girl to express her feelings and to gain a new perspective on the situation. It is also important for a girl to remember that she is not alone. Many other girls are experiencing the same feelings, and it is normal to feel this way.

It is important for a girl to remember that she is a young woman and that she has the right to feel the way she feels. She should not feel ashamed of her feelings, and she should not let other people's opinions affect her. She should be proud of who she is and of the things that she is capable of.
